Local ♦ Fresh ♦ Natural

[www.freedomorganix.com](http://www.freedomorganix.com)

Freedom Organix is a small, diversified family farm located in northern McHenry County. Our farm uses sustainable, natural, chemical-free methods to raise a wide variety of products including vegetables, herbs, flowers, free range eggs, pastured poultry, and grass fed beef.

Our CSA runs for 20 weeks from June through October. We pride ourselves on providing many different types of vegetables in your ½ bushel box and try to include salad greens and herbs in every box. If you have never been part of a CSA or had your own garden, you will be astounded at the difference truly fresh produce makes! Our goal is to delight our members, so our planting list is based on your preferences, and we welcome your feedback. (In 2009 we planted 30 types of tomatoes, 24 types of winter squash, 6 types of potatoes and many other delicious vegetables.) Our 2010 planting list will be published on our website in Feb. 2010. See our pick up sites listed below. (If you are in the North or Northwest suburbs and would like to host a site please let us know.) We look forward to a great season growing for you.

## CSA Subscription Enrollment - 2010
