

Freedom Organix

Pastured Pork - Price List 2011

We raise a limited number of pastured hogs each year.

Our hogs are heritage breed, usually hereford/berkshire cross. They are pastured and allowed to forage for their own feed. In addition they are fed the surplus vegetables from the farm, and a supplemental grain mix.

On-farm pick up is always available, or place an order to be delivered (once per month), to Barrington and Libertyville.

Pork CSA

Best value. Custom cut to your specification. See our website for more information and reservation form <http://www.freedomorganix.com/porkcsa.html>
